We offer 5 day courses in canoeing and riding, in addition to the two week obligatory swim course. For two week campers, a formal sailing course is too time consuming and therefore we offer sailing as a sign up activity during the last period of the day. Please indicate below, your son's interest in participating.

Activities offered on a daily basis include bushcraft, crafts, pottery, woodworking, lapidary, archery, waterskiing, nature, basketball, games.

Many boys find lessons in the lake more challenging than in a pool setting. Our staff will assess your son's swimming level with his level of skill and degree of comfort in mind.

Each boy receives five canoeing lessons as soon as he has passed the distance swim that permits him to use the boats and waterski.

*The distance swim which campers pass before taking canoeing, sailing lessons or go waterskiing consists of a 100m swim on the front, 50m on the back and 5 minutes of treading water. A counselor swims with your son. There is no time limit and many younger campers may make several attempts before successful completion. If your son is concerned about this test, swimming lessons prior to camp will help to increase endurance and confidence.*
