VISITING INFORMATION

A visit by family members is an important part of camp life. We encourage such visits, but for first year boys it is best to wait until the second or third week. **We discourage visits for boys staying only two weeks.** Saturday or Sunday are the best days to visit. We expect most parents will visit on **July 11th or 12th** or **August 15th or 16th**. You are welcome to visit on another day but call us first to confirm that your son will be in camp.
